

Supplies

We have the toughest inventory to keep clean and organized

- We have \$2500 budget this year. That breaks down to 40 docents x 25 kids per class x 7 projects per year = 7000 art projects per year. That's .38 per student per project.
- We really need to take care of the supplies we have....and not purchase supplies we do not need.
- Clean thoroughly when project is complete.
- When returning supplies – put one offs, extra's, or odds and ends in the “Teachers Art Stuff” box located in each closet.
- Toss what you would not use. We need to be conservative yes, but if you would not grab it out of the closet – Toss It. Recycle IT. Or donate it to the Teachers.
- When returning your projects tidy up one other area. The closet is not only used for art docent supplies but for general PTA supplies as well.
- If you used the last of a supply or something is getting low...email artdocent.ltespta@gmail.com.
